To track your progressive skills and achievements, plus get noticed by future employers

To find your ideal start, or next career challenge

Apply to be part of the Skills Pathways Project and we'll find the right restaurant and registered training organisation to get you underway.

Interested in a career as a chef, how about a

Certificate III in Commercial Cookery?

This competency based pathway will provide you with the necessary skills and knowledge needed to operate as a trade cook in a commercial kitchen. You will learn how to produce quality foods, plan menus, control costs and work as part of a team in a hospitality environment. Your practical skills will be developed for the hygienic preparation and service of a range of meals in a professional manner. The course also contains a range of elective units that will enhance your skill set.

Importantly, the online tools at Discover Hospitality will provide all the on-going support you need throughout your apprenticeship.

You will be able to track training progression and milestones in your very own Skills Passport. Free, convenient and secure, managing your career has never been easier.
